Land registrations pick up pace

14 Sub-Registrar Offices in Mysuru district see 20 percent increase in transactions

Mysuru, Feb. 18 (RK&BCT)- All the Sub-Registrar Offices in Karnataka that were functioning from 10 am to 5 pm earlier are now functioning from 9 am to 7 pm. Mysuru district has 14 Sub-Registrar Offices that are seeing unusual crowds post-pandemic where people are coming for property-related transactions.

In 2020, property registrations had halted across Karnataka as the State Government temporarily shut all 243 Sub-Registrar Offices after announcing lockdown. The same situation continued in the second wave too and during other restrictions like weekend curfews. Now the situation has improved and the Government has lifted all restrictions.

As the second wave thinned out, a token system was introduced at Sub-Registrar Offices where only 10 to 12 transactions were held daily. Now as the restrictions are lifted, all the 14 Offices in Mysuru are doing 80 to 100 transactions per day, a 20 percent increase from 70 to 80 transactions earlier.

Over 8,000 people visit the Sub-Registrar Offices across Mysuru every day for registration and sale of properties, marriage registrations and other related works. Among the total 14 Sub-Registrar Offices in the district, five are in the city.

EDITOR'S BOTTOMLINE

The first noble truth of the Buddha, 'All is suffering', implies that our lived life is fraught with pain and misery. Suffering is a permanent human condition. Even what we call happy and content moments are beset with the painful awareness that they would soon come to an end. Like the Buddha, Jiddu Krishnamurti also holds that everyone is in despair, sorrow, and frustration, but unlike the Buddha, he does not believe that the cause of human suffering is avidya, ignorance. Nor does he believe that human suffering can come to an end by activities like satsang, kirtan, reciting a particular individual mantra, or offering collective prayers.

A deeper reflection, according to Krishnamurti, reveals that the reason for our existential predicament is our indolence or laziness. Because of our laziness, we always hope that some leader, guru, or an external agency will help us in ending our misery, conflict, and chaos, and creating an order in which there will be no suffering. Discarding the efficacy of any guru or any external authority, Krishnamurti asserts, 'We cannot depend on anybody, there is no guide, there is no teacher, there is no authority, there is only oneself and one's relationship with another and the world, there is nothing else.' Like Sartre, he upholds that we are abandoned. He advocates 'self-help' for each individual to alleviate his existential suffering. 'Self-help' doctrine of Krishnamurti is based on the principle that 'there can be no universal solution to individual human problems as each man's problem is unique in its own way and as such, he has to face and dissolve his problems by himself, and accordingly, has to find out the solution on his own.'

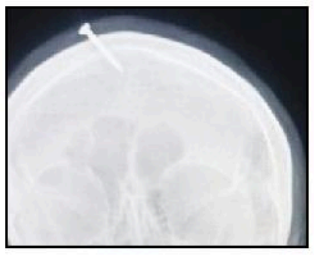
Self-taught artist's amazing optical illusions

Tokyo: Aria, a 25-year-old self-taught artist from Japan, specialises in 3D colour pencil drawings that look ready to jump off of the sheet of paper they are drawn on.

Despite what your eyes are desperately trying to make you think, Aria's works are all two-dimensional. She just has this innate ability to draw a variety of objects in great detail and present them from an angle that creates the illusion that they are three-dimensional. Every one of her artworks takes hours to complete and consists of several layers of coloured pencils, but the end result is definitely worth the work.

Nail hammered to bear baby boy



Peshawar: A so-called faith healer convinced a pregnant woman that she would give birth to a baby boy if she had a metal nail hammered into her skull. Doctors at the Lady Reading Hospital in Peshawar were shocked when they examined the head of a pregnant woman who claimed to have a two-inch-long nail stuck in her skull. An X-ray confirmed the woman's claim, but it was her story that really left hospital staff speechless. The woman explained that the nail in her head had been recommended by a faith healer who promised her that it would guarantee that she gives birth to her first son, rather than her fourth daughter.

The woman told doctors that the healer had instructed her to sing some chants while hammering the long nail into her head, but, after examining the wound, doctors became convinced that she couldn't have done the deed herself, and that someone else must have hammered the nail in. It's unclear who did the deed, but it's clear that the woman fully agreed to it.

LAUGHTER THE BEST MEDICINE

*At our supermarket, I noticed a woman with four boys and a baby. Her patience was wearing thin as the boys called out, "Mommy! Mommy!" while she tried to shop. Finally, she blurted out, "I don't want to hear the word mommy for at least ten minutes!" The boys fell silent for a few seconds. Then one tugged on his mother's dress and said softly, **"EXCUSE ME, MISS."***

Anganwadi worker attempts suicide over frequent transfers

Mysuru, Feb. 18 (MK&KS)- An Anganwadi worker, fed up with frequent transfers and humiliations in meetings has written a note and attempted suicide by consuming poison. The incident took place at Maragowdanahalli (DMG Halli) in the taluk on Wednesday.

Sumathi

The woman, who attempted suicide, is P.N. Sumathi, wife of Puttegowda. She was working as an Anganwadi worker at the 2nd Anganwadi Centre in the village.

In the note written by Sumathi, she has alleged that an Anganwadi worker at Maraiahnahundi village Anganwadi Centre, who is also the resident of Maragowdanahalli was trying to get herself transferred to her (Sumathi) place which was being supported by Woman and Child Development Department Deputy Director Basavaraj, Child Development Project Officer (CDPO) Manjula Patil and Supervisor Parvathi Nayak.

Sumathi has also stated that she was facing a lot of problems from Maraiahnahundi Anganwadi workers, who were indulging in false accusation against her and was being humiliated in front of others at the meetings.

Stating that though an order for her transfer to Maragowdanahalli 2nd Anganwadi Centre was sent, the Woman and Child Development Department Director had not given her the transfer order for three months, she alleged and added that though the villagers requested the officer on her behalf, the officer was deliberately giving her mental tension.

Sumathi's husband Puttegowda, villagers and a few Anganwadi workers have appealed the Superintendent of Police (SP) to initiate action against the erring officials and a complaint in this regard has been lodged at Yelwal Police Station.

Meanwhile, Sumathi, who has been admitted to K.R. Hospital, is said to be recovering, according to her relatives.

VOICE OF THE READER

Need traffic signal at this busy Ring Road junction

Sir,

The Ring Road junction near Seshadripuram College (Damden Apartment) is a major junction where thousands of motorists commute every hour. This is the main road that connects Hebbal-Vijayanagar-Gokulam to the industrial area. There are many Schools and Colleges too in this vicinity.

Also, there are a lot of industries and IT companies to which people commute will have to cross this busy junction. There is a petrol pump and Seshadripuram College located on the service road. Hence, there is a lot of cross-traffic on this road.

The vehicles which approach from Hinkal side will commute at a high speed as there is a declination.

Morning during peak hours there will be a lot of traffic which will be piled up because there are no traffic signals or not even a Traffic Police deployed at this junction. Adding to this, the concrete which is spilled by the ready mix concrete carrying trucks will add gravel on the road which can be fatal for two-wheeler riders.

On behalf of the travelling public, I request the authorities concerned to take action and install a signal light.

—K. Manjunath

When cycles become horses, it's Bike Polo

Four-day National-level Bicycle Polo begins at Gangothri Village Hostel

Mysuru, Feb. 18 (MTY&BCT)- For the first time in Mysuru city, a National-level 36th Sub-Junior, 40th Junior Boys and 42nd Men's Bicycle Polo was launched yesterday at the Village Hostel grounds in Manasagangothri.

The four-day event is being jointly organised by Karnataka Cycle Polo Association, University of Mysore, Karnataka State Open University and Cycle Polo Association of India.

More than 20 teams are participating from Karnataka, Andhra Pradesh, Telangana, Tamil Nadu, Madhya Pradesh, Chhattisgarh and Jammu and Kashmir. Teams from the Indian Army and Indian Air Force too are participating.

Bicycle Polo (also called Cycle Polo, Bike Polo) is similar to traditional polo, except that bicycles are used instead of horses. It is a team game that consists of hitting a ball in the other team's goal mouth according to the following rules, depending on the country or the tournament and the used ground: Grass or hard-court.

Cycle Polo was conceptualised to make the sport popular among the masses. Polo is generally played on horse backs which is not only inaccessible for the general public but also expensive. So Cycle Polo was introduced as it is a far more feasible option. In the sport, players ride bicycles with polo sticks in their hands and exhibit skills in passing the ball by simultaneously balancing the bicycle and the polo stick.

INDIA WORLD CHAMPS

According to CEO of Cycle Polo Association of India Gajanana Burude, India has won six gold medals in World Bike Polo Championships and in 2019, the last World Championship was held in Argentina where India emerged as the champion. The 2023-2024 World Bike Polo Championship will be hosted in India, he informed.

The Indian Cycle Polo teams trounced the big names like Argentina, America and Canada in Buenos Aires and emerged as an undisputable World Champion, he added.

The Championship that began at Village Hostel premises was inaugurated by University of Mysore VC Prof. G. Hemantha Kumar who expressed happiness over the fact that such a championship is being hosted for first time in Mysuru and that too in the University campus.

He said that the sport will help youth to be physically active which will also will develop their personality, enabling them to take critical judgments while facing the opposite teams. He recalled the origin of the Polo game and the role played by the Maharajas who ruled India in promoting the game. The game is so attractive that it caught the attention of the British, he added.

KSOU VC Prof. S. Vidyashankar, former MLC G. Madhusudhan, Cycle Polo National Medal winner R.S. Vaishnavi, life-time member of Cycle Polo Federation of India Raghavendra Singh Dundlod, President Pradeep B. Bapat, Secretary Dinesh Sarve, Treasurer P.M. Aboobkar, Associate Secretary Sunaina Mishra, Karnataka Cycle Polo Association President N.R. Manjunath, Secretary Dr. Vijayalakshmi A. Patil and others were present.

Land registrations pick up pace

Vivek, Sub-Registrar, Mysuru North

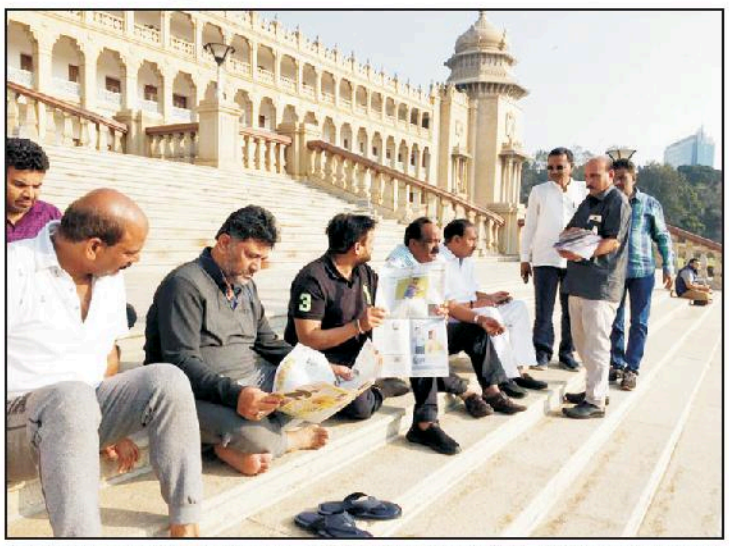
(Continued from page 1)

The five Sub-Registrar Offices in the city are at — Mysuru East (Dr. Rajkumar Road), Mysuru West (near Vijayanagar Water Tank), Mysuru North (Mini Vidhana Soudha), Mysuru South (Ramakrishnanagar). There is a Sub-Registrar office at MUDA (Mysuru Urban Development Authority). There are nine offices in the district — T. Narasipur, Bannur, Nanjangud, K.R. Nagar, Mirle, Periyapatna, Bettadapura, Hunsur and H.D. Kote.

While all Sub-Registrar Offices are functioning from 9 am now, the MUDA Sub-Registrar Office continues to open at 10.30 am. On an average, the State Government gets Rs. 10 crore income from one Sub-Registrar Office every month and all the 14 offices combined, it gets a revenue of Rs. 140 crore per month. Every month, the State collects Rs. 800 crore to Rs. 1,000 crore from the Stamps and Registration Department.

Each Office has one Sub-Registrar, one First Division Assistant, two Second-Division Assistants and over 20 outsourced employees. "As the timings have been extended, certain women employees are finding it difficult to work from 9 am to 7 pm. As an incentive, we are arranging food for them so that they can manage their homes and come to office early," Mysuru North Sub-Registrar Vivek told *Star of Mysore.*

Congress dharna continues



After the night-long dharna, KPCC President D.K. Shivakumar seen going through the newspapers this morning squatting on the steps of Vidhana Soudha along with Congress leaders.

Bengaluru, Feb.18 (KMS& DM)- The indefinite day and night stir launched by the Congress in the Assembly Council Hall here demanding sacking of RDPR Minister K.S. Eshwarappa for his reported remarks that the saffron flag would be hoisted atop New Delhi's Red Fort, entered the third day today, with the Opposition party severely targeting Eshwarappa for his alleged unconstitutional remarks.

Maintaining that the Government, apart from sacking Eshwarappa should book sedition charges against him, the Congress legislators led by KPCC President D.K. Shivakumar and Opposition Leader Siddharamaiah refused to call off the dharna.

A day after Eshwarappa made the remark, the Congress has been on an indefinite dharna in Vidhana Soudha since Wednesday evening.

Meanwhile, as the Congress party's indefinite dharna continued, Assembly Speaker Vishweshwar Hegde Kageri this morning made efforts to convince the Congress leaders to withdraw the dharna. But his efforts seemed futile as the Congress was unrelenting on its demand for the ouster of Eshwarappa.

On Thursday, former Chief Minister B.S. Yediyurappa and a couple of Cabinet Ministers too tried to convince the Congress Legislators, but in vain.

Meanwhile, the Karnataka Assembly Session was adjourned to Monday amidst uproar.

Mysuru-Kushalnagar Railway line

Project revived as Centre grants Rs. 1,000 crore

Madikeri, Feb. 18 (PS&BCT)- The Centre has granted Rs. 1,000 crore for the 87.2-km Mysuru-Belagola-Kushalnagar Railway line that is expected to cost Rs. 1,854.62 crore. The allocation has been made in the Union Budget 2022-2023. The cost factor has been estimated in a survey that was conducted in 2019.

If implemented, Kodagu will be placed in India's Railway map and will facilitate the movement of people from Mysuru, Hunsur, Periyapatna and Bylakuppe. The land acquisition process is expected to begin soon for this project that was green-lighted and funds were allocated in the Railways' Pink Book in 2019.

Pink Book is a document that catalogues all the transactions made and contains relevant information on the distribution of funds for future initiatives. The approval for the project came when Piyush Goyal was the Railway Minister and now Finance Minister Nirmala Sitharaman has allocated Rs. 1,000 crore for the same.

The Railway line will actually begin from Belagola in Srirangapatna taluk of Mandya district and end at Koppa near Kushalnagar in Kodagu district. It will pass through Yelwal, Bilikere, Uddur, Hunsur, Sathegala, Periyapatna, Doddahonnur to reach Koppa village.

It may be mentioned here that in August 2021, the South Western Railways had awarded the tender for final location survey to a Bengaluru-based company at a cost of Rs. 1.26 crore.

The project was originally mooted till Madikeri over 100 years ago and in recent times found mention in 2011 (UPA era). It was shelved after a survey commissioned by the Railways deemed the route to be unprofitable. The project, however, is being rejuvenated now, much to the chagrin of environmentalists who have opposed the project saying that the line will obstruct the natural flow of River Cauvery.

High Court ruling: Under pressure from Green activists and realising that the project will cause a disaster, the Forest Department did not give permission for a survey from Kushalnagar to Madikeri though the Railway authorities have completed the survey till Kushalnagar.

Environment activists argue that once the line comes to Kushalnagar, it is easy for the Railways to extend the same to Madikeri and then to Mangaluru and Kerala cutting through forests that are known for its eco-sensitivity and biodiversity.

Activists had even approached the Karnataka High Court and filed a Public Interest Litigation, hearing which the Court directed the Indian Railways to obtain environmental clearances before commissioning the Railway line.

The Court noted that the Railways cannot go ahead with the project in the absence of forest and wildlife clearances. Further, the Court directed the Railways to notify the petitioners while applying for clearances.

Kushalnagar Mini Airport: Kodagu DC inspects land

Kushalnagar, Feb. 18 (Akshay & BCT)- Things are falling in place for the establishment of a mini airport (or airstrip) in Kushalnagar and yesterday, Kodagu Deputy Commissioner Dr. B.C. Satish inspected the land that has been allotted to the project.

The DC was accompanied by some technical officers of Airports Authority of India (AAI) and the officers of Agriculture Department whose land in Koodige has been earmarked for the project.

Discussing the land issue with the Revenue Department officials, the DC asked them to submit a report on the 56-acre land in the premises of Koodige Agriculture Department so that he can report the land status to the Government.

The land for the mini airport is behind the Kodagu Sainik School and is owned by the Agricultural Department at Doddathoor Village till the border of Basavanathoor village that has been mentioned in the surveys conducted by the Public Works Department. In June 2019, a team of officials from the AAI had visited the site and had accepted the land proposal.

In December 2019, the Union Civil Aviation Ministry had selected Kushalnagar airstrip under the fourth round of Regional Connectivity Scheme (RCS) or the Ude Desh ka Aam Nagarik (UDAN) Scheme. The airstrip was listed under the unserved airport category — any airport at which there have been no scheduled commercial flights.

The Government Order to develop Kushalnagar airstrip along with other airstrips at Chikkamagalur, Karwar, Raichur, Gadag, Bagalkot, Davanagere and Udupi was issued in 2018.

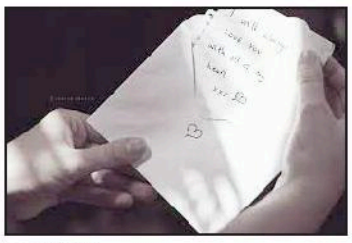
WORD OF THE DAY

Billet-doux



Pronunciation: bill-ee-DOO.
Meaning: A billet-doux is a love letter.
Origin: In French, billet doux means "sweet letter." English writers first fell in love with the word during the 17th century and have been committed to using it as a romantic alternative to "love letter" ever since.
Example: "What 'The French Dispatch' celebrates is something more specific than everyday newspapering.... Anderson has inscribed a billet-doux to The New Yorker in its mid-20th-century glory years that is, at the same time, an ardent, almost orgiastic paean to the pleasures of print." — A.O. Scott

THE ODD WORD

Baccate

Having berries; berry-like.

PHRASE OF THE DAY

Beating around the bush

Meaning: To avoid answering a question; to stall; to waste time.
Origin: The origin of the idiom 'beating around the bush' is associated with hunting. In medieval times, hunters hired men to beat the area around bushes with sticks in order to flush out game taking cover underneath. They avoided hitting the bushes directly because this could sometimes prove dangerous; whacking a bees nest, for example, would put a swift and unwelcome end to the hunt.
Example: "If you want to ask me, just ask; don't beat around the bush."

QUOTE BOX

I earned my first steady pay-cheque watering rose bushes at a nursery for a dollar an hour. —**John Grisham**
